PrehKeyTec

Complex Application

PrehKeyTec's programmability makes even the most complex application seem simple! Our unique design allows the user to program more than 100 key strokes behind each key providing the operator the ability to drill down into an application with a single key stroke. This advanced programmability helps simplify operator training and enhances data input.

Maximum Configurability

Can you easily reprogram and simultaneously update all keyboards on your network?

- Migration path: self-detecting USB/PS2 electronics
- Program is saved in keyboard and not in PC
- Fully programmable 3 track MSR with Headers and Terminators

MCI 84

Designed specifically for heavy use applications, PrehKeyTec keyboards continue to perform long after others have failed or worn out. PrehKeyTec is so confident of the quality and durability of our German engineering, that a three-year warranty is standard on every unit.

Available in a Row & Column layout, the MCI 84 keyboard optimizes a small footprint by only including the integrated options needed. Heavy use and space-restricted data input in 2/3rds the footprint of a standard PC keyboard.

USB-PS/2 self-detecting interface electronics allows the keyboard to migrate to newer systems since the keyboard will continue to perform long after the PC has worn out.

Stuck keys - impossible
Ugly equipment - gone
Learning curves - shorter
Counter space - increased
Store image - reinforced
Cable management - simplified

MCI 84BMKU with MSR and Keylock

Customized MCI 84

Integrated Options

3 Track MSR

5 Position Keylock

Features
- 84 programmable and relegendable key positions (7 x 12 keys)
- Small footprints
- Integrated options include:
    - Bi-directional 3 track MSR
    - 5 position key-lock
- Self detecting interface: USB and PS/2 (with included adaptor)
- Liquid Dust Resistant IP 54 rated
- OPOS, JavaPOS and WEPOS drivers
- Windows®, Linux, DOS and Mac compatible
- PrehKeyTec WinProgrammer Software
- Available Colors: Black or White
- 3 Year Warranty

Additional Options:
- Any color for 500 units or more
- Customized Logo
- Color keys with wear resistant etched symbols
- Double and Quadruple size keys
